

We're **Brexit** ready.

Import & export **checklist**

The UK's transition period for leaving the EU will end on 31st December 2020. From January 1st 2021 new regulations will be applicable on moving goods to and from the UK to the Continent and Northern Ireland.

Here at Speedy Freight we have been working behind the scenes to ensure that this transition is as smooth as possible for our customers who wish to import and export goods to the EU.

We have customs procedures in place in line with government guidance to make sure that we are compliant in all aspects of these new regulations. We will require a packing slip and commercial invoice with every shipment. The list below outlines everything we will need to successfully complete customs clearance for your goods.

If you are unsure of anything on the list or how you go about completing this paperwork, your local Speedy Freight team are on hand to answer your questions.

Note:

In the event of a no deal exit from the EU, Duty/VAT will apply to all imports under a simplified procedure. No vehicle can be dispatched until any applicable Duty/VAT is paid, as drivers are required to have specific paperwork to be able to depart the UK. This paperwork is generated by HMRC.

EORI number

Make sure you have an Economic Operator Registration and Identification number. This is required for customs clearance. It's free to apply for your number and currently only takes a few days to be issued. Find out more [here](#).

Commodity Codes

You will need commodity codes for all your goods. This allows you to apply the correct rate of duty, keeps your business compliant with HMRC and allows us to correctly declare your shipments. Find out more [here](#).

Checklist

Signed power of attorney letter
Certificates appropriate for the goods
Completed order form with Commercial invoice & packing list

EORI number

Consignor/Consignee details & addresses

Invoice no.

Method of shipment

Incoterms

Country of origin and destination
